

Cyprus as a regional node (hub) in the field of electronic communications

Telecommunications Conference
Filoxenia Conference Centre
12/02/2016

Mr. George Komodromos
Director

Department of Electronic Communications (DEC)
Ministry of Transport, Communications and Works (MTCW)

Cyprus

Vision

Cyprus to become a Society of Information based on modern technologies, skills, and infrastructure, in the context of the national objective to be established as a regional hub in the area of Eastern Mediterranean.

Mission

To support and promote the ICT (Information and Communications Technologies) and the digital innovation for the provision of high quality and secure electronic communications services, within affordable prices, resulting in the increase of social and economic welfare and in general the exploitation of the benefits of the new digital age.

Department of Electronic Communications (DEC) - Areas of Competency

**Radiocommunications
(Regulatory Authority)**

**Information Society
Digital Strategy**

**Electronic Trust Services
(Regulatory Authority)**

Space Strategy

Radiocommunications

Cyprus Spectrum NRA (National Regulatory Authority)

- The Radiocommunication Laws of 2002 until 2013.

- Adoption of all EU Legislation
- Adoption of the majority of CEPT (Conference of European Postal and Telecommunication Administrations) Decisions
- Adoption of ITU PPs (Plenipotentiary) and WRCs (World Radiocommunication Conference) Final Acts

Radiocommunications (2)

Mobile Communications

3 authorisations

**cyta – mobile network (2G/3G/4G) –
900MHz/1800MHz/2100MHz bands**

**MTN - mobile network (2G/3G/4G) –
900MHz/1800MHz/2100MHz bands**

**Primetel - mobile network (2G/3G/4G)
– 900MHz/1800MHz/2100MHz bands**

Radiocommunications (3)

Mobile Communications

New Authorisations

800 MHz (790-862 MHz)

2600 MHz (2510-2690 MHz)

Radiocommunications – (4)

Satellite Communications

3 authorisations

Hellas Sat Consortium (39⁰A) – 1 satellite in operation – Launch of 2 new satellites in 2017

OverHorizon (59.7⁰A App 30B) – Launch of 1st satellite in 2017

AP Kypros Satellites (20 orbital positions) – Launch of 1st satellite in 2018

Radiocommunications – (5)

Satellite Communications

New Developments

1 new authorisation – Evaluation procedure

Radiocommunications (6)

Satellite Communications

- Promote Cyprus as a Satellite Centre

Digital Strategy- (2)

**National Digital Strategy – 8/02/2012 –
6 Major Strategic targets**

- 1. Connecting Cyprus,**
- 2. Modernizing public administration and providing public electronic services,**
- 3. Citizens' participation including vulnerable groups in Digital Cyprus,**
- 4. Education and Learning,**
- 5. Digital entrepreneurship, and**
- 6. Promoting green technologies.**

Digital Strategy- (3)

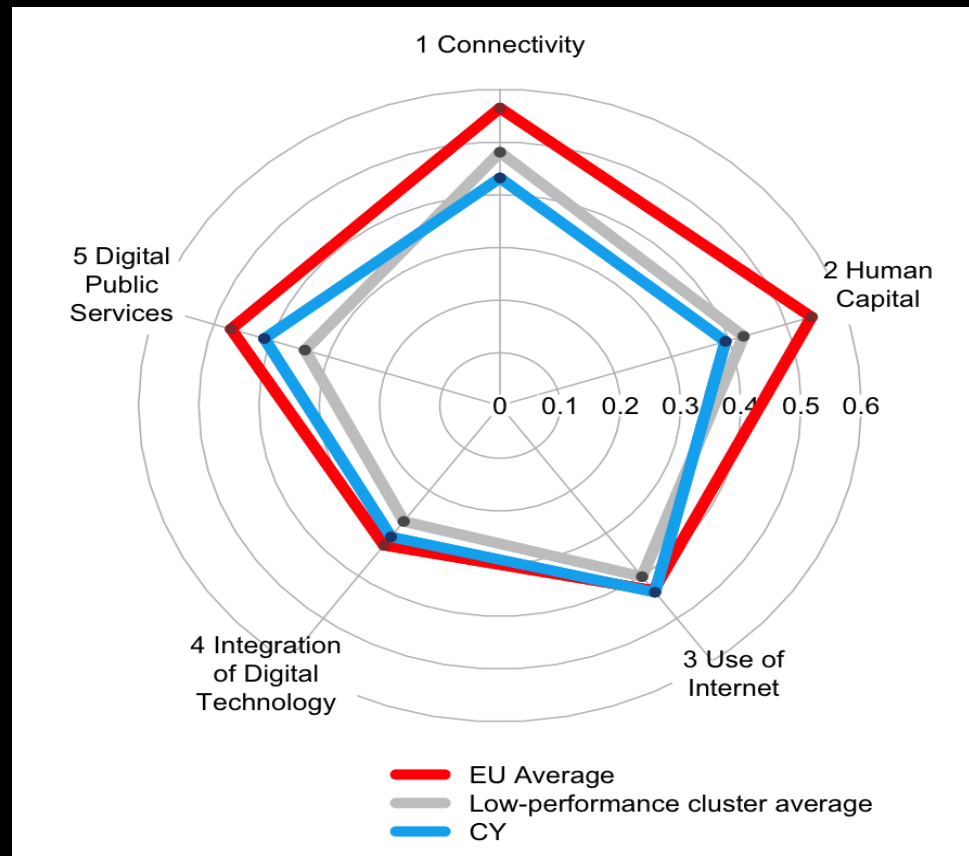

Covers all sectors (holistic and dynamic approach)

Networks, penetration, eSkills, eInclusion, eEducation, eHealth, digital entrepreneurship, Green ICT, Cyber security, awareness campaign, etc.

Digital Strategy - (4)

Digital Economy and Society Index (DESI)

Cyprus ranks 22 among EU countries.
It falls in the Low performance group of countries.
(Source EC)

Digital Strategy - (5)

Digital Economy and Society Index (DESI)

Connectivity: Fixed Broadband Take-up

68% of Cypriot households subscribe to fixed broadband (70% in the EU), and 4.4% of those subscriptions are to a fast* connection (3% of Cypriot households).
26% of EU broadband subscriptions are to a fast* connection (18% of EU households).

Fixed Broadband Take-up: Overall vs. Fast Broadband (2014)

Source: Eurostat and Electronic communications market indicators collected by Commission services, through National Regulatory Authorities, for the Communications Committee (COCOM)

* A broadband connection is considered to be a fast connection when it allows for download speeds above 30 Mbps.

Digital Agenda Scoreboard 2015

European Commission

Human Capital: Digital Skills

In Cyprus 38% of citizens have basic digital skills (54% in the EU) and 10% have above basic digital skills (5.7% in the EU)

Source: Pilot work carried out by DG CONNECT in relation to action 62 of the Digital Agenda to propose "EU-wide indicators of digital competence". It is proposed for regular implementation starting with the 2015 survey.

EU Implementation Report 2015

- Electronic communications is a market manifesting significant dynamism in Cyprus, even amidst an important financial crisis. Competition is intensifying both in the fixed and in the mobile markets and the financial crisis has not halted investments.
