

Helping you relocate to Cyprus

Exclusive Private Relocation Services

2023

Our Private Wealth Services team is ready to offer you and your family personalised, hand-holding support and to make you feel at home right from the beginning.

Why Cyprus

Cyprus perfectly combines a well established pro-business environment in the EU, with a high quality lifestyle, making it very attractive for High-Net-Worth Individuals (“HNWIs”), Senior level Executives and their families to live and work in Cyprus.

The main advantages of living and working in Cyprus are:

- Marvellous climate of more than 300 days of sunshine in a year
- 64 blue-flag beaches
- Ranked No. 1 safest among small countries in the world
- One of the countries with the lowest air pollution in the EU
- High quality education from pre-school to university, providing new opportunities for learning and growth to international students
- Private and public health institutions providing excellent, accessible health care
- Tradition of hospitality deeply rooted in local culture, offering an open and friendly environment for newcomers
- Cosmopolitan island with a quarter of its population originating from overseas, creating a unique and diverse culture
- English is widely spoken all over the island and used as the prevailing business language

The above along with key tax benefits for companies and individuals are some of the reasons why senior level executives and owners of private international companies decide to set up local presence for their businesses and relocate their families to Cyprus.
