- Conduct reviews/audits of departments, key businesses and other processes and activities in order to ensure the continued adherence to and effective implementation of policies, procedures and regulations
- Assist in creating and delivering training to employees on compliance related matters, including internal policies and procedures, the application of guidelines and standards and relevant regulatory requirements
- Keep abreast with the current developments in the area of Information Security and the regulatory requirements of GDPR

What we are looking for

- University degree in Computer Science, Management of Information Systems, Information Security or in a related field
- Holder of a Data Protection and / or Information Security Certificate (e.g. ISO/IEC 27001 Lead Implementer, CIPP/E, Security+, SSCP, CISA) will be considered an **advantage**
- Excellent verbal and written communication skills
- Energetic, positive and team player
- Strong interpersonal skills, self motivation, professional discipline and excellent analytical skills
- Excellent knowledge of Greek and English language

Benefits

- A competitive remuneration package
- 13th salary
- Provident fund
- Medical coverage
- Life insurance
- Flexible working hours
- Free parking
