

Advanced Principles of VAT

We are experiencing an increasing trend for companies to manage VAT compliance obligations in house in order to minimize costs. However, simple VAT compliance tasks may lead to significant VAT risks and penalties if not handled timely and correctly. This course aims to provide participants with the advanced understanding of VAT principles to enable proper handling of VAT Compliance obligations and enable basic VAT structuring ideas.

Who should attend the seminar?

The programme is addressed to:

- individuals working in company accounting departments (such as finance directors, chief accountants, and accountants) who wish to handle VAT compliance matters and identify transactions that create VAT risks and obligations.
